

A stylized world map in shades of blue is centered in the background. The map is semi-transparent and serves as a backdrop for the text. There are also decorative white dashed lines and small white circles scattered across the blue background.

# Team Finance

## 2023 Q3 Review & Q4 Focus

# High Level Q3

## Q3 Focus:

1. Launch SaaS 'Pro' plan
2. UI/UX improvements
3. New blockchain integrations
4. Process optimization

## Q3 Challenges:

1. SaaS onboarding barrier
2. Market sentiment
3. Influence of bear market on TVL

# Q3 Deliveries

We are pleased to share the achievements we've made on our Team Finance token management platform. Below, you can find the three main exciting deliveries that mark another successful quarter for our team.

## Staking Wizard

Clients can now effortlessly create custom staking pools within minutes by following the steps in our powerful wizard, which includes parameter setting and staking pool deployment.

## Website Upgrade

Our website received an upgrade with new dedicated service landing pages. We also launched individual token pages with comprehensive stats and information to improve project transparency.

## Chain Support

We've added support for two new chains, BASE and zkSync. This expansion extends our dApps to projects on these chains, broadening our reach and impact within the DeFi landscape.

# Q4 Focus

## **New Chain Support**

Adding 1 or more new chains.

## **SaaS 'Pro' plan**

Self-onboarding option for SaaS clients.

## **Crypto Subscriptions**

Introduction of payment in crypto.

## **Services**

Adding 1 new service functionality/feature.

## **Website**

Fine-tuning and improvements including FAQ & Contact page.

## **Customer Support**

Optimize CS for quicker response times and issue resolution.

**Thank you**
